Syed Noor Muhamed L

Dedicated Software Developer with a strong background in Angular and React development. Proficient in translating Figma designs into high-quality code, with expertise in HTML5, CSS3, Sass, Bootstrap, jQuery, and JavaScript (ES6). Demonstrated ability to deliver efficient and user-friendly solutions.

Work Experience

AROOPA TECHNOLOGIES PVT LTD

Oct 2022 - At Present
- Developed reusable Angular components for the healthcare provider application, specifically focusing on enhancing the functionality and user experience across the invoice, compliance, and consultant modules.
- Contributed to the development of a Flight Booking Application by creating and implementing the Flight Booking Module and Hotel Booking Module utilizing the React library.
- Directed the development initiatives for the Delivery Management Application, architecting the delivery module with expertise in jQuery, Ajax, and JavaScript technologies.

Key Projects / Involvements

- Executed the implementation of a REST API service for the Educational Management module within the .NET framework, overseeing its integration in the MVC architecture and employing advanced mapping functionality.
- Executed LINQ queries to streamline database management in both the Invoice and Education Management modules, ensuring optimized data retrieval and manipulation.
- Implemented and incorporated SQL View queries for enhanced database functionality in the Invoice, Requester Module, and Compliance Module, optimizing data retrieval and processing.
- Crafted compelling landing pages, leveraging the D3 library and WordCloud npm in collaboration with the React framework, to deliver an interactive and visually captivating user experience.
- Engineered API data functionality using Node.js and Express.js, ensuring robust and efficient data communication and management.
- Executed queries utilizing SQL, MySQL, and PostgreSQL databases, demonstrating proficiency in diverse database management systems for optimal data retrieval and manipulation.

Educational Background

Bachelor of Engineering - Computer Science And Engineering

OASYS Institute OF Technology, Trichy
Jul 2018 - Jul 2022
7.9 CGP

Skills

Technical Skills

- HTML
- CSS
- SCSS
- Bootstrap
- JavaScript
- React
- Angular
- .NET Core
- C#
- Node JS
- Java
- SQL
- MySQL
- PostgreSQL

Professional Skill

- Adaptability
- Time Management
- Collaboration
- Problem Solving
- Leadership
- Critical Thinking
- Creativity
- Continuous Learning

Certification/Short Courses

- Certified in Java with proficiency in HTML, Java, Spring Boot, Hibernate, and MySQL.

Java Certification

Languages

- English (Fluent)
- Urdu (Fluent)
- Tamil (Fluent)
- Hindi (Fluent)
- Arabic (Read and Write)
